**A CLEAN, SAFE BATHROOM!
AREN'T YOU RELIEVED?**

Not everyone is as lucky. In fact, 2.5 billion people around access no toilets or latrines unless they leave outdoors, spreading diseases that kill as many as 2,000 children every day.

Proper sanitation could save these lives while reducing health costs by about \$280 billion a year.

Rotary is working to bring sustainable water and sanitation systems to homes around the world.
